DETAILED ACTION

1. Claims 1 to 6 are presented for examination.

Information Disclosure Statement

2. The references listed in the information disclosure statement submitted on 9-30-2003 have been considered by the examiner (see attached PTO-1449).

Allowable Subject Matter

3. Claims 1 to 6 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art made of record teaches a method for synchronizing signals in a broadcast system. For instance, Olafsson (USP 6332009 B2) discloses a method and an apparatus for providing a programmable synchronization signal format for a modem system wherein a decoder may be used to decode any signals transmitted between modems. Ozkanet al. (USP 6111611) teaches a system for forming and processing programmable information compatible for MPEG information. Ozkanet teaches that the system includes a forward error correction unit decoding the signals using a Reed Solomon codes and the unit includes FEC lock indication signals that are used during the synchronization process.

However, the prior art made of record, taken alone or in combination fails to teach or fairly suggest or render obvious the novel element of the instant invention.

Specifically, the prior art made of record fails to teach or fairly suggest or render obvious a resynchronization process for use in data communication system that includes the method steps of "monitoring the RS lock indicator and the Moving Picture Expert Group (MPEG) protocol interface (MPI) lock indicator during a first predetermined time interval when the system is in the third state wherein the RS lock indicator is unlocked and the MPI indicator is locked," recited in independent claim 1. Independent claim 3, recites similar limitation and thus is allowed for the same reasons as claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
